alunobre

www.alunobre.ind.br | (34) 3228-6700

A Alunobre está no mercado de perfis de alumínio extrudados, desde 2002, com uma moderna estrutura de fabricação e distribuição. São mais de 400 tipos de extrusão de perfis de alumínio para as mais diversas aplicações. Equipamentos modernos voltados à produção e desenvolvimento de moldes, aliados com profissionais especializados para atuar em projetos personalizados, resultando em desenvolvimento de perfis de altas qualidade e performance.

O cuidado com os seus produtos vai desde a embalagem até a entrega final, esta é a diferença. A Alunobre leva seu produto utilizando uma moderna frota de caminhões, equipados para servi-lo com qualidade e agilidade, garantindo a rastreabilidade do ponto de partida, até o destino final. Uma empresa estrategicamente sediada no centro do Brasil, na cidade de Uberlândia-MG, um dos maiores polos de logística do país. Consulte as rotas de entregas.

PRODUTOS

Perfis de alumínio alta performance para a produção de esquadrias, proporcionando beleza, alta durabilidade, resistência e leveza.

A Alunobre possui equipe técnica capacitada para o desenvolvimento de projetos específicos de acordo com a sua necessidade.

Kit box de fácil montagem projetado e produzido, com várias opções de acabamento com beleza, qualidade e segurança.

Disponibilizamos e projetamos diversos perfis, para o mercado mobiliário. Soluções práticas, leves, resistentes e de excelente acabamento.

Extrudamos e desenvolvemos perfis para o setor elétrico, indústria de produção de bens de consumo, transportes e utensílios variados.

Perfis para o segmento outdoor design, levando qualidade e sofisticação para móveis e acessórios de alta decoração.
